

### **Joseph A. Cain, P.E.**

Joe has been working in the field of structural engineering since 1985 and is an Associate Partner of Mattson Macdonald Young.

Projects range from single family home remodels to mid-rise office and residential complexes, from manufacturing and warehouse facilities to statuary foundations and park structures.

Current and past projects include:

- Boston Scientific Sterilization Addition, Arden Hills
- North Branch Library Renovation, Minneapolis
- Uponor Warehouse, Lakeville
- Golden Valley Library Renovation, Golden Valley

At Mattson Macdonald Young, Joe has had the opportunity to work on many unique structural projects including the catenary roof structure of the Brainerd YMCA shown in the Parks and Recreation section of the MMY portfolio.

#### **Education**

Bachelor of Civil Engineering – with Distinction, University of Minnesota 1991

#### **Registration and Memberships**

Licensed Professional Engineer  
Minnesota

American Concrete Institute  
Member

Joe attends numerous technical seminars, conferences and training classes including:

- Coalition of American Structural Engineers (CASE) Seminars
- American Institute of Steel Construction (AISC) Seminars
- American Concrete Institute (ACI) Seminars
- The University of Minnesota Structural Engineering Seminar Series
- AutoCad and Microstation training courses

Joe enjoys tennis, reading and camping with his wife and daughter. Joe's hobby is building models including several bridges for the office railroad.
