

Stephanie J. Young, P.E.

Stephanie has over 30 years experience in design, analysis, and construction coordination of many types of construction and is a Principal at Mattson Macdonald Young. She became a shareholder in 1998 and is currently the firm's President.

Though dealing with the business aspects of MMY takes a bit of time, she still enjoys the challenge of project design. Her major strengths include a proficiency at problem-solving, an orientation toward detail and an understanding of construction concerns. She especially enjoys residential projects, both large and small.

Some previous projects include:

- Boatworks Commons – White Bear Lake, Minnesota
- Veterans East Housing – Minneapolis, Minnesota
- ArtSpace Lofts – Minot, North Dakota
- Central Baptist Church - Sioux Falls, South Dakota
- Pine City Elementary School Gymnasium and Media Center Pine City, Minnesota

Stephanie has been involved in many programs designed to broaden the general public's understanding of the engineering profession. She has served on three national committees, the first two involving the development, review and continued maintenance of the International Building Code & International Residential Code and the third concerning the promotion of engineering as a profession. She remains an active member of the Minnesota Structural Engineers Association as well as the National Council of Structural Engineers Associations.

Stephanie enjoys travel, golf outings and bird hunting with her husband and their Yellow Lab, Tucker. She is also a Life Member of the Amateur Trapshooting Association, though the stress of competition has been replaced by the more relaxed pace of a "hobby".

Education

Bachelor of Civil Engineering, 1987 – University of Minnesota

Registration and Memberships

Licensed Professional Engineer

Minnesota	Iowa	Indiana
North Dakota	Nebraska	Missouri
South Dakota	Colorado	New Mexico

American Council of Engineering Companies/Minnesota (ACEC/MN)

Board of Directors	2003 - 2005
Engineer of the Year	1995

Minnesota Structural Engineers Association (MNSEA)

President, Minnesota Chapter	2000 - 2001
Member, Steering Committee	1996 - present

National Council of Structural Engineers Associations (NCSEA)

National Service Award	2006
Board of Directors	2017 - 2019
Chair, Code Advisory Committee – General	2001 – 2004
Chair, IRC Working Group	2015 - present

Structural Engineering Institute (SEI)

Executive Committee	2003 - 2007
